

Defiant Radios Fun Day

Wednesday 10th April

11.00am – 4.00pm

In the 1930s, radio manufacturers refused to supply radio sets to co-operatives....so they made their own and call them 'defiant'. Find out more at our fun day!

See displays of historic radios and learn about radios through time. Design your own cardboard radio and advertising poster. Make a real crystal radio and record your own radio broadcast.

We are very pleased to be working alongside amateur Rochdale radio club RADARS and the amateur radio support network RAYNET.

FREE, donations welcomed. Suitable for the whole family. Drop-in, no need to book.

At Rochdale Pioneers Museum, 31 Toad Lane, Rochdale, OL12 0NU

Free, please book by calling 01706 524920 or emailing museum@co-op.ac.uk
